

Macaulay Year 3 Summer Newsletter

Dear parents and carers,

Happy summer term!

As we enjoy the warmer weather and longer days, we are being presented with exciting learning opportunities across the curriculum. We are hoping to do some learning outside so that we can enjoy the nice weather!

Just a reminder that PE is on Monday this half term only and that swimming is taking up our second PE session on Thursday morning.

This term, we are learning about Ancient Egypt in History, English, Art, Design and Technology, and the students have shown great interest so far, which has been fantastic!

This term and the final summer term has lots of interesting learning opportunities to look forward to. In Science, students will learn how plants grow and reproduce, including pollination, seed dispersal and germination. We will be using lots of hands on materials throughout the term to see how plants develop over time. In History, we will be learning about Ancient Egyptian civilisation. Please encourage the children to discuss what they have been learning in school; further details can be found on the Curriculum Guide.

We look forward to a fantastic term and thank you for your continued support for your child's learning!

Best wishes,

Alessia Scaranto

Key dates:

Book fair: Week commencing 5th May

INSET (Pupil free day):

Class photographs: Tuesday 11th June

KS2 sports day: 1st July (Clapham Common)

Workshare: Week commencing 30th June (TBC)

School Trip: Tuesday 28th of April 2026—Ramses and the Pharaoh's Gold at Battersea Power Station.

Support at home:

Thank you for everything you are doing at home, it doesn't go unnoticed at school! Just a reminder to spend 5-10 minutes each evening reading each night since it is really important as it helps your child's fluency. If you have any school books at home, can you please make sure they are returned.
