

PE and Sport Premium funding 2021-2022

Objectives of sports premium funding

- all pupils to leave primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport
- to achieve self-sustaining improvement in the quality of PE and sport in primary schools

Key indicators of improvement:

1. the engagement of all pupils in regular physical activity - kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

Example uses of sports premium funding

Schools must spend the funding to improve the quality of the PE and sport activities they offer their pupils, but they are free to choose the best way of using the money.

For example, funding can be used to:

- hire specialist PE teachers
- hire qualified sports coaches to work with teachers
- provide existing staff with teaching resources to help them teach PE and sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and [Change4Life](#) clubs
- run sport competitions or increase pupils' participation in the [School Games](#)
- run sports activities with other schools

Sports Grant received 21-22

Total: £17,200

Sports Grant expenditure 21-22

- PE specialist worked two days a week to plan and deliver sequences of lessons in years 1 to 6 and provide professional development to class teachers to support the second weekly PE lesson
